

SAFE-T-FLEX[®]

by Remote Solutions LLC

WIRELESS REMOTE OPEN/CLOSE AND SWITCH HANDLE OPERATOR
OPEN AND CLOSE LV AND MV BREAKERS FROM A SAFE DISTANCE
OPERATE CONTROL SWITCHES REMOTELY

Safe-T-Flex[®] magnetically attaches to available surfaces, allowing a user to place the device anywhere it is convenient. A flexible and adjustable support arm secures the assembly in place within seconds. Using a wireless controller, a user presses buttons, twists levers, and flips switches remotely - all without requiring permanent alterations to cubicles and equipment!

REMOTELY PRESS, TWIST, AND MORE!
THE ULTIMATE EVERYTHING TOOL

BATTERY POWERED - AVAILABLE FOR USE WITH MILWAUKEE, DEWALT, OR MAKITA BATTERY PACKS
WIRELESS CONTROLLER WITH 100'+ RANGE
MAGNETICALLY ATTACHES TO CUBICLE (NO INSTALL OR MODIFICATIONS REQUIRED!)
FLEXIBLE AND ADJUSTABLE: ALIGN THE MANIPULATING ASSEMBLY IN SECONDS

BECAUSE DISTANCE IS THE BEST
ARC FLASH PROTECTION
